Immigrant Entrepreneurs **HONORED**

for Making a Difference in **New Jersey**

Trenton, NJ (Sept. 17, 2018) – The winners of the Sixth Annual New Jersey Immigrant Entrepreneurs Awards will be honored on Wednesday, September, 26 from 6:00-9:00 p.m. at the Asian Indian Chamber of Commerce Multi-Chamber Networking Event at The Embers Restaurant, 3793 US1 South, Monmouth Junction (South Brunswick), NJ.

The 6th Annual New Jersey Immigrant Entrepreneur Awards honor immigrant business leaders helping New Jersey communities thrive. The awards were created to highlight the social and economic contributions of New Jersey's immigrants to communities throughout the state and celebrate the important role of immigrants to today's economy. The awards are sponsored by a broad-based coalition of New Jersey organizations including the American Immigration Lawyers Association, Asian Indian Chamber of Commerce, Diversity Dynamics, Einstein's Alley, Middlesex County Regional Chamber of Commerce, NJBIA, the New Jersey Chinese-American Chamber of Commerce, Princeton Regional Chamber of Commerce, and the Statewide Hispanic Chamber of Commerce of New Jersey.

Kamal S. Bathla

The 2018 Immigrant Entrepreneur of the Year

Maestro Technologies, Inc.
Country of Origin: India

Kamal S. Bathla is a technology entrepreneur and Managing Director of Maestro Technologies. Maestro is an award-winning big data solutions and cloud platform company that Inc. magazine named one of the fastest-growing private companies in the U.S. for three consecutive years, starting in 2011.

Kamal has 27 years of Industry experience that started as a programmer in IBM followed by Lehman Brothers.

In 1993, he brought his expertise in designing technology solutions and innovation to J.P. Morgan Chase, where he led a team as Technology Director, overseeing the company's highly successful Global Location Optimization Program, managing teams with diverse skills and locations across the globe.

Today, as the Managing Director of Maestro Technologies, Kamal is guiding the transformation of his company, applying its leading-edge expertise in software architecture to big data, Machine Learning, blockchain, IoT and cyber security Solutions.

In November 2017, he moved Maestro from Edison to Trenton, NJ, to an 85,000-square-foot headquarters known as the SMART Applications Innovation (SAI) Center, a nerve center of technological innovation run by an accomplished team of technologists who serve private and public sectors and the communities in which they operate. He is passionate about transforming Trenton to the Innovation capital of New Jersey with technology centric programs driven by public/private partnerships.

Kamal holds a Master's degree in Computer Science from State University of New York at Buffalo.

Pierre Hage-Boutros

Honored with the Caspar Wistar Award for Growth

Pierre's of South Brunswick
Founder
Country of Origin: Lebanon

Pierre Hage-Boutros had a dream to open his own deli, serve the people of the community and bring them to-

gether. Pierre acted on that dream and bought the Old Butler, a small deli and general grocery store. In 1990, he opened Pierre's Deli. He then realized he could better accommodate his guests by adding a restaurant. So in August 1995 to the Spring of 1996, Pierre added a total of four rooms to complete his restaurant.

In late 1996, Pierre further expanded his establishment, purchasing the property adjacent to the deli and restaurant. In early 1997, he started construction on the bakery. Later that year he opened the bakery, an ideal addition that went well with the deli and restaurant.

In order to better serve the community, Pierre moved his deli from the restaurant and connected it to the bakery in 2001. Pierre then completely renovated his restaurant and added a bar and banquet facility including five banquet rooms. Pierre's dream all along was to bring together under one roof, his restaurant, bar, and banquet facilities. The Deli and Bakery now jointly occupy a separate building complete with table or take-out service. He is continuing the tradition of growth and service by opening the elegant LeBebe Restaurant in North Brunswick with his son, Tony.

At Pierre's it's all about making the impossible, possible. In order to accomplish anything in life you need hard work, determination, and a strong belief system. That is the picture created when you walk into the establishment. It was not modeled after a corporate idea but one man's vision for a future for his family. A passion of his, that continues to grow strong every day.

Jose Guerrero

David Sarnoff Award for Advocacy and Community Engagement

Spencer Savings Bank
President, Chairman and CEO
Country of Origin: Spain

Jose Guerrero, President, Chairman and CEO, Spencer Savings Bank, Elmwood Park, NJ was selected for the David Sarnoff Award for Advocacy and Community Engagement. He has been Spencer Bank's leader for 30+ years as President, CEO and Chairman. He came from Spain when he was 13 and started off as a youth in the bank's Accounting Department and quickly rose up the ranks. He managed professional challenges while being both a banker and small business owner.

Spencer Bank has been an important community partner under his leadership. The bank recently received the 2017 NJ Bankers Association Award for Community Service. Spencer Bank has shown its community support to local business, charitable organizations and community groups through monetary contributions, but also in time spent partnering with organizations such as Rotary, YMCA's, UNICO Clubs, Red Cross, Special Olympics, and Habitat for Humanity. It supports veterans groups, city celebrations, and back to school supply drives.

Jack Li

Albert Einstein Award for Innovation

Windsor Athletic Club at The Princeton-Windsor Cultural Complex
President, Chairman and CEO
Country of Origin: China

Jack is originally from Hunan, China. He worked as an English teacher from July 1987 to August 1992. After that, he worked as an import & export specialist for Nestle for five

years, then for six years as the Procurement Director for Foster Wheeler Inc., an American company with headquarters in Clinton, NJ.

Jack purchased the WAC in 2014, making a \$21 million capital investment, after its prior owner determined that the club, which was exclusively a gym at that time, was no longer profitable. Jack purchased the WAC not as a monetary investment but to provide the community with a unique venue that could serve as community center, recreation center, and gym. At the time, West Windsor had no community center where residents could meet for community events, network for business events, or simply relax and socialize. Under Jack's leadership, the WAC fills all of those needs.

It is far more than just a gym. The WAC hosts numerous events, such as the West Windsor Farmers Market in the winter months, a Family Day for all of West Windsor, and it serves as the meeting place for numerous organizations, such as BNI Tigers and the West Windsor Democrats.

The WAC also fulfills the athletic and recreation needs of its 1200 members, many of whom have family memberships. The WAC partners with many outside vendors to provide its members with unique opportunities, from a basketball league organized by Monroe Sports Center, to swim teams for kids, to a summer camp and college counseling and tutoring. It is truly a unique place that is beloved not only by its members but the entire community.

Jack moved from Vancouver, Canada to Princeton NJ in 2009. He and his wife have two amazing children – my daughter Vanessa, who is a senior at Harvard College; and my son Edward, who is in the 6th Grade at Princeton Charter School.

Suchitra Kamath

The Rising Star Award

Raas Bihari Inc. dba
Minuteman Press Edison
Owner/Presiden
Country of Origin: India

Suchitra Kamath was born in India and grew up in the capital city of New Delhi. She had always wanted to have a business of her own as she felt her creativity was best expressed through the communication, marketing and product development.

Today, Suchitra Kamath wears multiple hats to run her printing/marketing business namely the Minuteman Press of Edison, NJ. Before making this career change to a business owner, she was directing and managing global programs for regulatory & policy change for Tier-1 investment banks such as Citibank and Barclays on Wall Street.

Towards the end of 2016, she started her new enterprise, the Minute-man Press of Edison and ever since there has been no looking back whether in terms of work, personal accomplishments or community involvement. Currently she manages a staff of three employees and an intern and she herself focuses on the customer service, strategy and expansion of her business. Since she acquired the business, it has seen a 500% growth in terms of sales. Due to her quick expansion of her business, she was awarded "Top Achievement in Marketing" award during the 2017 Franchise Expo organized by Minuteman Press.

Suchitra holds a degree in Instrument Technology with Telemedicine majors from the Indian Institute of Technology (IIT Delhi), India as well as a Masters in Library & Information Sciences with a concentration in Digital information organization from Rutgers University, NJ.

She has lived in Edison NJ for almost two decades.

Suchitra experienced a turning point in life when she decided that self-less service and perseverance ought to be focused on a worthwhile cause. She is determined to bring the change around by becoming the change that we all want to see.

Manuel Hernandez

Honorable Mention in Growth Certificate

Manny's HVAC & Home Improvement
Lebron Contracting
Owner
Country of Origin: Dominican Republic

Manny was born and raised in Santiago, Dominican Republic. He completed 2 years of Business Administration in Universidad Tecnologica de Santiago. He came to the US in March of 1980. He started working in restaurants in New York City and then purchased his first business with a partner in New York in 1985: a grocery store.

Manny owned different businesses including a mechanic and auto body shop as well as a promotional company promoting the first Latin Nights in Staten Island. When he came to NJ he started as a construction manager for MYG management from 2004 to 2006 supervising the renovations of at least 75 properties in Trenton, NJ.

He then formed a partnership with Melvin Lebron creating Lebron Mechanical. They provided services in heating, ventilation and air conditioning as well as complete rehabilitation.

In 2013, Manny received a Master License for HVAC and started Manny's HVAC and Home Improvement while maintaining Lebron Contracting.

Manny believes in small businesses forming, growing and supporting one another and he has exemplified empowerment every step of the way. In addition to his business successes, in 2017, Manny formed a group with other local Latino businesses in New Jersey called Latino Merchant Association of NJ. The group grew from 12 members to 100.

He has three children, Geraldine, Erika and Jose.

Christina Jeng

Honorable Mention n Innovation Certificate

enfoTech & Consulting Inc
Founder & President
Country of Origin: Taiwan

Christina grew up in Taiwan and earned her Law degree from National Cheng Chi University in 1980. She immigrated to the USA in 1982.

From 1982 to 1994, Christina gave birth to two children, worked full time at a Law Office in New York for 2 years, and at Merck & Co. for 3 years, and

simultaneously pursued her higher education at New Jersey Institute of Technology to earn a master degree in computer information science over a course of 7 years.

During the initial years in US, Christina overcame challenges with positive attitude, balanced work & family life well and developed a passion for environmental sustainability & protection.

In 1994, Christina, with other two business partners, created enfoTech & Consulting Inc. which dedicates to providing IT solutions for environmental protection. enfoTech is a technology-oriented company that develops enterprise-wide environmental software and provides related consulting services. The Company offers technology platform to streamline business processes among all interested parties (the regulated community, the regulator, and the general public) to automate workflows, to comply with laws/regulations, to evaluate pollution reduction options via alternate processes, and provide environmental health impact assessments to assist policy makers to make informed decisions. enfoTech earns its reputation with innovative products and leads the industry to successfully implement over 200 large-scale IT projects domestically and internationally. enfoTech products have been used in the United States, Canada, South Africa, Puerto Rico, and other regions.

Christina believes in the American dream to pursue opportunities and to achieve success and prosperity through hard work, determination, and initiative.

The judges for this year's Awards were Rashaad Bajwa, CEO of Domain Computer, one of last year's winners, Dr. Arturo Osorio-Fernandez, Professor of Entrepreneurship at Rutgers University and Lina Llona, Executive Director of the Middlesex County Regional Chamber of Commerce.

The Immigrant Entrepreneur Awards are named for great, historic New Jersey immigrant entrepreneurs. The many nominees represent small mom and pop businesses as well as large corporations; ranging from high-tech firms to professional service providers, from manufacturing operations to restaurant and financial institutions. Combined, they employ hundreds of people and do billions in sales.
